The image is a collage of promotional banners for Black Friday. At the top, a banner for 'memory express' features the text 'BLACK FRIDAY' in large, white, outlined letters. Below this, it says 'SALE / NOV 18TH - DEC 1ST | ONLINE & INSTORE'. A smaller line of text reads: 'SHOP EARLY WITH CONFIDENCE! IF WE HAVE A LOWER PRICE* ON BLACK FRIDAY (NOV 25TH) WE WILL REFUND THE DIFFERENCE!'. Below that, two lines of fine print state: '-- NO RAINCHECK OR BACKORDERS ON SALE ITEMS. NO RETURNS, EXCHANGES & PRICE PROTECTION ON ON BLACK FRIDAY (NOV 25TH) --' and '-- *MEMORY EXPRESS PRICES ONLY, QUANTITY LIMITS MAY APPLY - NO UBER PRICE BEAT OR PRICE PROTECTION FOR COMPETITORS' PRICES FROM NOV 25TH TO DEC 1ST --'. Below the main banner are several smaller promotional tiles. On the left, an Intel advertisement shows a laptop and the text 'New challenges, new PC.' with a 'See products >' button. In the center, an MSI advertisement features the text 'BLACK FRIDAY' and 'BUYING GUIDE >>'. On the right, a Logitech advertisement shows a laptop and the text 'logitech BLACK FRIDAY'. At the bottom, a WD advertisement shows a hard drive and the text 'Elevate Your Creativity' and 'WD BLUE™ SA510'. Other small logos for Intel and Windows 11 are visible.
